

# SNAPON INLAYS

THE REVOLUTION FOR YOUR  
SHELF DESIGN

***METO***

## INDIVIDUAL DESIGN

**Adobe Illustrator** templates Perfect for your in-house design team to realize your brand identity. Simply download at [meto.com](http://meto.com).

**Webshop design** function Intuitive and powerful - design inlays with just a few clicks.

**Design service** Our team creates customized designs for your needs - simply, efficiently and professionally.

## WHAT ARE SNAPON INLAYS?

The SnapOn inlays are made of high-quality PET material and are fixed in a special transparent frame (SnapOn), which is simply clicked onto the front of the ESL display.

**Find out more about the benefits inside.**

## DISCOVER THE ADVANTAGES OF OUR NEW SNAPON INLAYS

**Customizable** Create your own unique designs for seasonal or themed campaigns - tailored to your target group.

**Sustainable and reusable** Thanks to transparent SnapOn frames made of high-quality PC material, you can rely on a long-lasting solution.

**Flexible & efficient** Order quantities from just a few pieces per design - ideal for customized campaigns.

**Easy to use** Click on your electronic price labels (ESL) in just a few seconds - uncomplicated and practical.

## METO SNAPON INLAYS - DESIGN QUICKLY

### Quality:

High-quality PET materials, printed and processed in Germany, ensure durability, brilliant colors and optimum accuracy of fit.

### Handling:

Easy attachment and quick replacement of inlays thanks to the innovative SnapOn technology - ideal for changing campaigns.

### Accessories:

Everything for ESL displays: from rails, SnapOns and fixings to advertising materials for the shelf, including stoppers and wobblers.

### Sustainability:

Short production routes, resource-saving materials and reduced minimum order quantities actively contribute to environmental protection.

### Flexibility:

Small minimum order quantity, simple design of inlays in the online tool, quick campaign change for maximum agility.

## SUITABLE ACCESSORIES FOR YOUR NEEDS

We are your partner for all requirements relating to ESL displays and POS marketing. In addition to SnapOn inlays and transparent SnapOns, our range also includes colored, individually printable frames. We also offer **rails, mounting systems and frame systems** as perfect additions.

**In addition** to SnapOns, we supply advertising materials such as stoppers and wobblers for greater visibility. With our **online design tool**, you can design inlays quickly and flexibly, even for small print runs.

Take advantage of our experience and diversity to implement your ESL projects efficiently and sustainably and make your POS marketing campaigns successful.

# MORE POWER ON THE SHELF!

## ELEVATE YOUR SALES AREA TO THE NEXT LEVEL!

Our new SnapOn inlays bring color, style and functionality to your shelf presentation.
