Regardless of whether pre-printed or customised, or whether they are used for promotional or information purposes, with original METO labels you can be certain you have made the right choice. We offer the largest selection in the best quality. We can supply you with any colour, shape or format – including special labels tailored to your individual wishes. Many customers automatically associate METO’s trademarked wave-edged label with attractive special prices. METO labels are the perfect medium for important information, including price, article number, product origin, use-by dates etc. But also for product data in quality management.
METO® Labels

Under the METO® brand, Checkpoint brings a wide range of high quality Hand Labeling Solutions to retail, manufacturing and all specialist markets that require accurate information at product level.

- Paper and plastic Labels
- Constant quality
- Label material are certificated in accordance to:
  - VO1935-2004 Good Manufacturing Practice (GMP)
  - HACCP (Hazard Analysis and Critical Control Points)
  - LATEX free
  - OEKO TEX
  - Free of Bisphenol
  - Free of Heavy Metals
  - No use of Ozone Depleting Substances
  - FSC and PEFC
    - Sustainably managed forests, Legally harvested
    - Controlled and from non-controversial sources
  - RDF (assigned to re-utilization or waste recycling)
  - EN 13427 and 13432 Packaging
    - Recoverable through composting and biodegradation.
    - Re-use, recycling, recovery, composting for packaging waste

- Wide range of adhesives for specific applications
  1 / 1.1 removable
  2 permanent
  22 medical application
  3 textile
  4 superpermanent
  5 deepfreeze
  6 water removable with alkaline water
  6.5 water removable with cold water
  8 permanent for plastic labels
  9 direct contact on food
  9.1 direct contact on fruit
  10 dissolvable (free from label material and adhesive after washing)

In water dissolving Paper Labels

Dissolving paper labels suitable for reusable boxes of all kinds, articles made of glass, plastic, metal and laboratory apparatus that are washed after the use, as well as retain samples in the food industry etc.

After the washing process: no residue on the surface.
Absolutely clean substrate.
Labels dissolve in very short time without any mechanical agitation.
No additional washing process needed as the substrate is clean after the first process.

Food Labeling in accordance of HACCP

Food Labeling in accordance of HACCP (Hazard Analysis and Critical Control Points)
Whether you sell or prepare food, safety labeling is more important now more than ever to you and your potential customers. Meto has developed a wide range of products to help you tackle food safety labeling cleanly and safely.

Principles of Best Practice Date Coding
PLACE MENT: Can I find it easily?
LEGIBILITY: Can I read it?
SIMPLICITY: Can I understand it?

Meto as a multinational supplier and manufacturer of labeling products, provides labeling solutions for any size of supply chain from point of manufacture to the end user.
An easy way to manage your stock rotation system, tracking and organizing your food inventory with Meto shelf-life labeling.

Medical Labels

MedicaLine helps you comply with legal sterilization requirements. Meto autoclave labels doublecheck the sterilization process. Our sterilization labels are ISEGA certified. A special indicator ink changes to a different colour, on completion of the sterilization process to the EU standard.

Using a duplex label it can be removed from the sterilized product and replaced on the ID card of the patient. It is mainly used as a control label. Sectors: institutions, pharmacies, laboratories, hospitals.

Promotional Labels

Tests have shown that products labeled with promotional labels sell more easily because the customers perceive the product as a good offer even if the price is not marked down.
Use the labels to clear your stock and get rid of your slow movers.
By drawing attention to your offers you can create interest and generate sales. For the different label sizes we have a range of dispensers that will make the labeling easy at store level saving time for the staff. The dispensers are easy to load with the label rolls and the dispensing runs smoothly and quickly.
METO EAGLE S 822 PA for textile industry

With up to 10 fixed and consecutive digits for 22x12 and 26x12 mm wavy edge labels.

Constant pagination to indicate a complete batch.
Consecutive numbering to indicate one layer or automatic counting.
Consecutive numbering after every second label to identify left and right pre-cut parts.

Sample (left) 5/3 = 5 fixed, 3 sequential
Sample (right) 4/4 = 4 fixed, 4 sequential

Labels for textile industry

Labels 22 x 12mm, plain white, adhesive 3 for textile, non staining.
1,500 labels per roll, 42 rolls per box = 63,000 labels per box

Art. no.: 8513100

Labels 26 x 12mm, plain white, adhesive 3 for textile, non staining.
1,500 labels per roll, 42 rolls per box = 63,000 labels per box

Art. no.: 8513100

Textile inkrolls

Inkrolls 5 rolls per blister. 1 inkroll adequate for 1 box of labels = 63,000 labels smudge proof and quick drying

Art. no.: 9321597
